

OVERVIEW

Category 6A screened tool free RJ-45 keystone jacks exceed the transmission line performance requirements of IEC and TIA for CLASS EA/Category 6A systems. Their compact design has been engineered to optimize density in high performance applications such as Data Centres. Designed for mechanical and electrical reliability, using quality materials, to deliver a jack solution that minimizes the time required by the installer to complete each termination.

TECHNICAL DATA

- 50µm Micron gold plated connection pins
- 750 Plug insertion cycles minimum
- 250 Termination cycle minimum
- UL 94V-0 Compliant components
- Class EA/category 6A standards compliant
- Supports TIA 568A & B wiring configurations
- REACH / SvHC compliant regulation (EC) No. 1907/2006
- TIA568C.2 : 2014 compliant
- Comply with IEEE 802.3bt & IEC 60512-99-002
